

neudri[®]
the feel good factor

**STAY
DRY
WHILE
YOU
SWEAT**

**DYNAMIC DRYING
TECHNOLOGY**

With our current pace of lifestyle, it's almost impossible not to break a sweat. With Neu Dri[®]'s dynamic drying properties, your sweat evaporates faster, leaving you dry and comfortable.

BENEFITS

Innovative Drying Technology

Enhanced Wicking

Long Lasting Performance

Excellent Anti-Static Properties

**LESS SWEAT,
MORE
PERFORMANCE.**

HOW DOES Neu Dri® WORK?

Polyester and polyester -blended fabrics hinder the natural sweat process, causing condensation between the skin and the garment. Neu Dri®'s dynamic drying technology on your clothes provides you enhanced wicking and dynamic drying properties to ensure that your sports and activewear are not only comfortable but also flexible and functional.

APPLICATION AREAS :

GYM WEAR

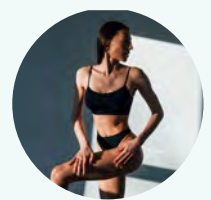

ACTIVE WEAR

SPORTS WEAR

ATHLEISURE

INTIMATE WEAR

Quick Dry

Anti-Static

Enhanced Wicking

Soft Touch

Durable
